

ILP Services

Sales Support

During your consultation you will be advised of safe and appropriate options to meet your needs. ILP Sales support will discuss a range of appropriate items with you, so that you can choose your preferred item.

ILP can either order from one of our many suppliers, request sale or return, so that the item can be seen and tried before a definite decision is made (please note, this will depend on the supplier willingness). Or provide details of where to get the preferred item from.

ILP Sales Support are also Trusted Assessors, so their approach is very much person centred, you will be in control of the preferred solution, as you will be informed of all your options.

If you do not want a consultation, but would like information on products available to help you, ILP Sales Support will be very happy to help. While it is not necessary to make an appointment with Sales Support, it is helpful to know beforehand when you are thinking of visiting and what your enquiry is about

If you would like to discuss equipment options with ILP Sales Support and visit Shrewsbury Office to see a range of equipment solutions, contact ILP on 01743 218820.
